

ECOSAVER

SUV COMFORT TYRES SERIES

comfort

high performance

symmetric tread pattern

all-weather support

comfort: low tire noise, low vibration and impacts against obstacles

high-performance: outstanding wear resistance and steering

symmetric tread pattern: symmetric tread patterns on both sides guarantee excellent high-speed straight running performance

all-weather support: whenever on sunny or rainy days, summer or winter days, the tyre always provides good driving and grip force

SUPPORTING DATA

Features and functions of tread patterns

1 Shoulder strip design
Reduce abnormal tyre wear

2 Tread-surface longitudinal blocks
Improve straight running stability

3 Various pitch design
Reduce noise during driving

4 Special circle design
Such design offers better endurance and longer service time

5 Spacious shoulder grooves
Improve heat dissipation
